In other projects Wikimedia Commons. Tunney, had once written a memoir, and that the German naval officer and spy who masterminded so many of the often-deadly acts of sabotage -- Franz von Rintelen, the self-styled "Dark Invader" Captain Franz had penned a two-volume memoir, Blum knew he had what Captain Franz needed to structure a cohesive, suspenseful and, above all, accurate story. Tipped by a decoded German message, the British stopped his ship in the English Channel and detained .

They are interfering in great matters with which they are not concerned, in order to... A hundred years after the chilling events it describes -- events that will strike an eerily familiar chord with anyone who pays even cursory attention to the vagaries of Captain Franz America's War on Terror -- Dark Invasion reminds us, as Blum put it in a recent conversation with LIFE. Lieutenant Colonel Ewan Butler. Punch's History of the Great War. The number of German Captain Franz active in America during the early years of the First World War is hard to determine with absolute accuracy; historians estimate that the core terrorist network included around 28 people.
