As a country lass who's gone all citified and at new year was laughed at for wearing red high heels in a muddy field, it was instructive to read this book by a country lad who's also gone all citified but, with a tearful eye, remembers a childhood of bottle-feeding wee lambies and the like. It's easy to read and interesting, the contrast of cultures between the author's new-found middle-class culture and the traditional Yorkshire ways in particular. A book that soon reminded me of "Maximum Diner" in its style and easy, effortless portrait of a time, people and places.
