The Corps is there to do his bidding and it does so with astonishing fluency coupled to a ruthless brutality that we know very little about because Iran -together with North Korea - remains one of the most xenophobic nations on earth. I don't doubt that Islamic terrorists would love to acquire nuclear weapons and use them against any number of targets or that it would be easier than it ever should be to get many of the materials to build the weapon, but the presentation presented in Allah's Bomb:

There is every indication that the mullahs have been working at it for more than

This document had sections that were relatively sophisticated and others that were remarkably inaccurate or naive. Colin O'Connor rated it it was amazing Jan 31, In an email exchange with Venter, I posed the following questions:

It will most likely lead to an unchecked nuclear arms race in the Middle East, w
unholy truth is that greed has always motivated nations and individuals who are willing to put aside ideals for material benefit. The scientists described bin Laden as being "intensely interested in nuclear, chemical, and biological weapons.
