Libraries run the Reading Ahead programme which is designed to help people improve their reading skills and develop a love of reading. Libraries are trusted spaces, free to enter and open to all. With continuing pressures on budgets, working smarter is critical in the context of making efficiencies, stimulating innovation and seeking new sources of income.

The issues of interoperability would be mitigated through consistent use of the Library Communications Framework being developed by the Book Industry Communication group BIC. Key outcomes for children includes; enjoyment, knowledge of the self and other people, increased social interaction, use of imagination, relaxation and mood regulation.

Duringthisbetaphase,wewillbecontinuallytestingandimprovingthetool specifications used have also not included common requirements for interoperability, meaning that it often difficult for authorities to change products easily and to collate and analyse data. In addition some of the flexible space within the buildings have enabled other public service agencies to operate on a surgery basis, for example, health, the police and debt advice.
