Regarding the reason for writing the book, the author reported, "In this vision at Lovett's Grove inmost of the matter of the Great Controversy which I had seen ten years before, was repeated, and I was shown that I must write it. Drawing from in loco and virtual fieldwork, I analyze musical webs of interest into play in contexts of lusophone fluidity, and seek to understand how local music producers and their products represent lusofonia in festive events, other venues and recordings.

Although its historical roots can be found in Portuguese colonial times, the chosen theoretical framework benefits from previous constructions of different authors expressed through ideas eventually arranged in models, such as the one named as subject-centered musical ethnography, in which time, place and metaphor play main roles, as proposed by Timothy Rice in congruence with Appadurai's cultural dimensions of globalization; Stokes' musical construction of place; and Erlman's understanding of the global imagination.
